Welcome to ADMHN Pharmacy!

We are here to serve you with competitive pricing, expert knowledge about your medications, and convenience.

Why use the ADMHN Pharmacy?

Competitive pricing

Compare our prices. On both branded and generic drugs, as well as over-the-counter products, our prices are competitive or less than other pharmacies and big retail chains. Ask to see our prices!

Expert knowledge

The ADMHN pharmacists can answer your questions about your prescriptions and payment options. Stop by the pharmacy and get to know us. We are here to assist you.

Convenience

Pick up your prescriptions when you see your therapist. You can even fill other prescriptions for you and your family — such as medications for high blood pressure, high cholesterol and diabetes — in one easy stop.

If you have been prescribed medications at Arapahoe/Douglas Mental Health Network, you won't need a paper "script." Simply ask to have your prescriptions sent to the ADMHN Pharmacy electronically.

For your safety.

It's best to fill all your prescriptions at one pharmacy. That way, your pharmacist can monitor for potential drug interactions and provide the best advice. After all, taking your medications properly is essential to your mental health recovery plan.

Three easy ways to get your prescriptions.

1. Pick up at the pharmacy.

For your convenience, we have designated parking for pharmacy customers.

2. Get your prescription at the location where you see your therapist or prescriber.

Ask your provider or the pharmacy to send your order to the location where you receive care. Your prescriptions will be waiting for you at the front desk, usually within 24 hours.

3. Have your prescriptions mailed.

Call us to arrange mail delivery. Choose either standard or overnight shipment. There is an additional charge for this service.

Transfer your prescriptions.

Transferring prescriptions to the ADMHN Pharmacy is easy. Simply call us at **303 797 2500** and let us know what medications you need and where they were last filled.
We will do the rest!

Keep your prescription costs under control.

High medication costs are a concern to all of us. Here's how we help:

Free prescription discount card

Available online from Arapahoe and Douglas counties, a discount card may help to reduce your prescription costs. We are happy to help you apply for the card online.

If you have a co-pay.

Every pharmacy is required to collect co-pays at the time of service, either when you pick up your prescription or when you arrange delivery. Your co-pay is the **same** regardless of which pharmacy fills your prescription. We accept cash, check, Visa and MasterCard.

Insurance.

We accept most commercial insurance plans, as well as Medicaid and Medicare Part D.

Pharmacy prices.

In most cases, ADMHN Pharmacy prices are equal to, or less than, the cost at other local pharmacies, including large retail chains.

We offer generic versions of many common drugs at less than \$1 per week.

303 797 2500

Good reasons to get your prescriptions at the ADMHN Pharmacy.

- Our prices are competitive — often lower than other pharmacies!
- It's convenient for you and your family.
- Proceeds realized by the ADMHN Pharmacy stay in our mental health community. The money benefits those who cannot afford mental health and substance abuse treatment.

About your medications.

Today we have medications that have been proven to help individuals to successfully manage their mental illnesses and live good, full lives.

Medications are a very important part of your overall treatment. Follow your provider's advice and take your medications as prescribed. Continue to take them even as you begin to feel better. If something isn't quite right, call your provider or pharmacist and let him or her know right away.

The ADMHN Pharmacy is open to all — clients, family members, friends and neighbors.
